

LIGHTSABER CLINIC

EPISODE II

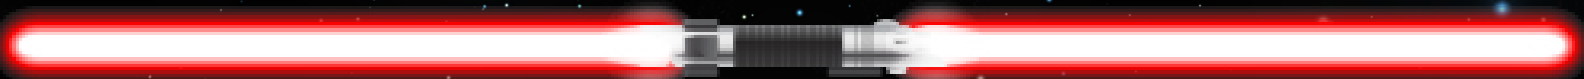

September 9th | 12 – 1:30

\$99* for this special class

\$89* early registration if registered on or before August 15th

Ages 6 & up

New moves will be taught! If you've taken a previous clinic, these moves will add on to what you already learned.

Learn to swing, attack and defend with a lightsaber! Use the force! Defeat the sith! (Or the Jedi if that's what you'd prefer!)

Basic instruction will teach skilled and non skilled students how to properly use the lightsaber and all participants will learn a mini fight scene with a partner. We suggest you register with a friend to work with, but a partner will be available if you can't get a partner to join the rebellion with you!

Students must have their own lightsaber. Purchase one of our special designs to make sure you can make contact without damaging your weapon, and show it off even when not practicing.

See separate form to order yours now!

If you have and are going to bring your own, be aware that contact will be made during class both on other lightsabers and on standing heavy bags. Our sabers are designed for this contact but most are not. We are not responsible for any damage caused to your own personal saber during class.

* Leadership Program discount applies to this and all PA events and purchases. See your instructor for details.
